This architectural cross-section diagram illustrates a roof assembly. On the left, a large rectangular area is filled with a grid pattern, representing the roof deck. To the right of this grid is a solid white area labeled 'Green Roof'. Below the grid, a set of stairs with vertical balusters leads down to a lower level. The label 'Dn' is positioned to the left of the stairs. The lower level is a solid white area labeled 'Deck Below'. The entire assembly is shown in a cutaway view, revealing the internal structure and the transition between the roof deck, the green roof, and the lower deck.
